Press Release of Wyndham Worldwide Corporation, dated February 8, 2012, reporting financial results for the quarter and fiscal year ended December 31, 2011. Exhibit No. Exhibit 99.1

#### Wyndham Worldwide Reports Fourth Quarter and Full Year 2011 Earnings Full Year Adjusted EPS Growth of 25% Completes \$902 Million of Share Repurchases and Increases Dividend 53%

PARSIPPANY, N.J. (February 8, 2012) – Wyndham Worldwide Corporation (NYSE:WYN) today announced results for the three months and year ended December 31, 2011.

#### **Highlights:**

- Fourth quarter adjusted diluted earnings per share (EPS) was \$0.47, compared with \$0.46 in the fourth quarter of 2010, an increase of 2%. Fourth quarter 2011 reported diluted EPS was \$0.37, a decrease of 14% from the same period in 2010, reflecting non-cash impairment charges in the Company's Lodging business.
- Free cash flow increased to \$754 million for the year ended December 31, 2011, compared with \$603 million in 2010.
- The Company's Board of Directors authorized an increase in the quarterly cash dividend to \$0.23 from \$0.15 per share, beginning with the dividend that is expected to be declared in the first quarter of 2012.
- During the quarter, the Company repurchased 6.7 million shares of its common stock for \$225 million at an average price of \$33.78. For the full-year 2011, the Company repurchased 28.7 million shares of its common stock for \$902 million at an average price of \$31.45.

"2011 was another excellent year for our company," said Stephen P. Holmes, chairman and CEO, Wyndham Worldwide. "In an environment of ongoing economic uncertainty, our businesses continued to execute at a high level. As expected, we generated robust free cash flow and effectively deployed that cash flow. We remain well positioned for growth and that confidence is reflected in the 53% dividend increase authorized by our Board of Directors."

#### FOURTH QUARTER 2011 OPERATING RESULTS

Fourth quarter revenues increased 7% from the prior year period to \$1.0 billion. The increase reflects organic growth in the Company's Lodging and Vacation Ownership businesses and incremental contributions from acquisitions at its Vacation Exchange and Rentals business.

For the fourth quarter of 2011, adjusted net income was \$73 million, or \$0.47 per diluted share, compared with \$84 million, or \$0.46 per diluted share for the same period in 2010. The decrease in adjusted net income primarily reflects a higher adjusted tax rate and higher adjusted net interest expense. Adjusted net income for the fourth quarter of 2011 excludes \$27 million, after-tax, of non-cash impairment charges at our Lodging business, a \$7 million tax benefit related to value added tax (VAT) adjustments, and a \$3 million tax benefit related to legacy adjustments. Full reconciliations of adjusted results to GAAP results appear in Table 8 of this press release.

Reported net income for the fourth quarter of 2011 was \$56 million, or \$0.37 per diluted share, compared with net income of \$78 million, or \$0.43 per diluted share, for the fourth quarter of 2010.

#### **FULL YEAR 2011 OPERATING RESULTS**

Reported revenues for full year 2011 were \$4.3 billion, an increase of 10% over the prior-year period. The revenue increase resulted from higher RevPAR in the Lodging business, higher Vacation Ownership Interest (VOI) sales and Wyndham Asset Affiliation Model (WAAM) commissions in the Vacation Ownership business, and contributions from acquisitions along with higher average net price per vacation rental in the Vacation Exchange and Rentals business. Adjusted net income for the full year 2011 was \$414 million or \$2.49 per diluted share, compared with \$368 million or \$2.00 per diluted share for the prior-year period. Adjusted net income for the full year 2011 excludes an aggregate of \$3 million of net benefits, after tax. Full reconciliations of adjusted results to GAAP results appear in Table 8 of this press release.

Reported net income for full year 2011 was \$417 million, or \$2.51 per diluted share, compared with net income of \$379 million, or \$2.05 per diluted share, for the prior-year period.

Free cash flow increased to \$754 million in the year ended December 31, 2011 compared with \$603 million in the same period in 2010. The growth of free cash flow largely reflects stronger operating results and a \$67 million benefit generated by a refund of VAT and related interest income. The Company defines free cash flow as net cash provided by operating activities less capital expenditures, equity investments and development advances and excludes a 2010 cash payment of \$145 million related to contingent IRS tax liabilities. For the year ended December 31, 2011, cash provided by operating activities was \$1.0 billion compared with \$635 million for the prior-year period.

#### **BUSINESS UNIT RESULTS**

#### Lodging (Wyndham Hotel Group)

Revenues were \$188 million in the fourth quarter of 2011, an increase of 15%, compared with the fourth quarter of 2010, reflecting a RevPAR improvement of 5% and revenues associated with the newly opened Wyndham Grand hotel in Orlando. The revenue increase also included a \$15 million reclassification, primarily related to certain reservation fees, which had no impact on EBITDA.

Excluding \$44 million of non-cash impairment charges, adjusted EBITDA was \$41 million, an increase of 3% compared with the fourth quarter of 2010, largely reflecting RevPAR improvement and lower bad debt expense. These benefits were partially offset by the timing of higher marketing costs.

As of December 31, 2011, the Company's hotel system consisted of 7,205 properties and over 613,100 rooms. The development pipeline included nearly 850 hotels and 111,900 rooms, of which 57% were new construction and 60% were international.

#### Vacation Exchange and Rentals (Wyndham Exchange & Rentals)

Revenues were \$291 million in the fourth quarter of 2011, an increase of 3% compared with the fourth quarter of 2010. In constant currency and excluding the impact of acquisitions, revenues were flat.

Exchange revenues were \$150 million, a decrease of 2% compared with the fourth quarter of 2010. The average number of members was flat. In constant currency, exchange revenues and exchange revenue per member were also flat.

Vacation rental revenues were \$125 million, a 10% increase compared with the fourth quarter of 2010. Excluding the impact of foreign currency and acquisitions, vacation rental revenues were flat as a 5% increase in the average net price per vacation rental was offset by a 5% decline in vacation rental transactions.

Adjusted EBITDA for the fourth quarter of 2011 decreased \$4 million compared with the prior-year period, reflecting the impact of unfavorable foreign currency and the seasonality of recently acquired businesses.

#### Vacation Ownership (Wyndham Vacation Ownership)

Revenues were \$527 million in the fourth quarter of 2011, a 6% increase over the fourth quarter of 2010, reflecting increased VOI sales and WAAM commissions.

Gross VOI sales were \$409 million in the fourth quarter of 2011, up 10% from the fourth quarter of 2010, primarily reflecting an 8% increase in tour flow and a 4% increase in volume per guest.

EBITDA for the fourth quarter of 2011 was \$139 million, compared with EBITDA of \$131 million in the fourth quarter of 2010, a 6% increase. EBITDA growth includes contributions from increased VOI sales and WAAM commissions.

#### Other Items

• The Company repurchased approximately 6.7 million shares of common stock for \$225 million during the fourth quarter of 2011 at an average price of \$33.78 and an additional 1.5 million shares for \$60 million at an average price of \$39.02 through February 7, 2012. The Company has \$311 million remaining on its current share repurchase authorization.

• Net interest expense in the fourth quarter of 2011 was \$36 million, an increase of \$2 million from the fourth quarter of 2010, primarily reflecting higher average borrowings, partially offset by the absence of \$3 million of charges for the early extinguishment of debt in the fourth quarter of 2010.

#### Balance Sheet Information as of December 31, 2011:

- Cash and cash equivalents of approximately \$140 million, compared with \$156 million at December 31, 2010
- Vacation ownership contract receivables, net, of \$2.8 billion, compared with \$3.0 billion at December 31, 2010
- · Vacation ownership and other inventory of approximately \$1.1 billion, compared with \$1.2 billion at December 31, 2010
- Securitized vacation ownership debt of \$1.9 billion, compared with \$1.7 billion at December 31, 2010
- Long-term debt of \$2.2 billion, compared with \$2.1 billion at December 31, 2010. The remaining borrowing capacity on the revolving credit facility was \$771 million, compared with \$788 million as of December 31, 2010

A schedule of debt is included in Table 5 of this press release.

#### Outlook

For the full year 2012, the Company expects:

- Revenues of approximately \$4.4 \$4.6 billion
- Adjusted EBITDA of approximately \$1.030 \$1.055 billion

# Wyndham Worldwide Corporation OPERATING RESULTS OF REPORTABLE SEGMENTS (In millions)

In addition to other measures, management evaluates the operating results of each of its reportable segments based upon net revenues and "EBITDA," which is defined as net income before depreciation and amortization, interest expense (excluding consumer financing interest), interest income (excluding consumer financing interest) and income taxes, each of which is presented on the Company's Consolidated Statements of Income. The Company believes that EBITDA is a useful measure of performance for the Company's industry segments which, when considered with GAAP measures, the Company believes gives a more complete understanding of its operating performance. The Company's presentation of EBITDA may not be comparable to similarly-titled measures used by other companies.

#### Wyndham Worldwide Corporation OPERATING STATISTICS

#### **GLOSSARY OF TERMS**

#### Lodging

Number of Rooms: Represents the number of rooms at lodging properties at the end of the period which are either (i) under franchise and/or management agreements, (ii) properties under affiliation agreements for which we receive a fee for reservation and/or other services provided or (iii) properties managed under a joint venture.

Average Occupancy Rate: Represents the percentage of available rooms occupied during the period.

Average Daily Rate (ADR): Represents the average rate charged for renting a lodging room for one day.

RevPAR: Represents revenue per available room and is calculated by multiplying average occupancy rate by ADR. Comparable RevPAR represents RevPAR of hotels which are included in both periods.

#### Vacation Exchange and Rentals

<u>Average Number of Members:</u> Represents members in our vacation exchange programs who pay annual membership dues. For additional fees, such participants are entitled to exchange intervals for intervals at other properties affiliated with our vacation exchange business. In addition, certain participants may exchange intervals for other leisure-related services and products.

Exchange Revenue Per Member: Represents total annualized revenues generated from fees associated with memberships, exchange transactions, member-related rentals and other servicing for the period divided by the average number of vacation exchange members during the period.

<u>Vacation Rental Transactions:</u> Represents the number of transactions that are generated in connection with customers booking their vacation rental stays through us. One rental transaction is recorded for each standard one-week rental.

Average Net Price Per Vacation Rental: Represents the net rental price generated from renting vacation properties to customers and other related rental servicing fees divided by the number of vacation rental transactions.

#### **Vacation Ownership**

Gross Vacation Ownership Interest Sales: Represents sales of vacation ownership interest (VOIs), including Wyndham Asset Affiliation Model sales, before the net effect of percentage-of-completion accounting and loan loss provisions. See Table 9 for a reconciliation of Gross VOI sales to Vacation Ownership Interest Sales. We believe that Gross VOI sales provides an enhanced understanding of the performance of our vacation ownership business because it directly measures the sales volume of this business during a given reporting period.

Tours: Represents the number of tours taken by guests in our efforts to sell vacation ownership interests.

<u>Volume per Guest (VPG)</u>: Represents gross VOI sales (excluding tele-sales upgrades, which are non-tour upgrade sales) divided by the number of tours. We have excluded non-tour upgrade sales in the calculation of VPG because non-tour upgrade sales are generated by a different marketing channel. See Table 9 for a detail of tele-sales upgrades for 2007-2010. We believe that VPG provides an enhanced understanding of the performance of our vacation ownership business because it directly measures the efficiency of this business' tour selling efforts during a given reporting period.

#### General

Constant Currency: Represents a comparison eliminating the effects of foreign exchange rate fluctuations between periods.

#### FREE CASH FLOW

The Company defines free cash flow as net cash provided by operating activities less capital expenditures, equity investments and development advances and excluding cash payments related to the Company's contingent tax liabilities that it assumed and is responsible for pursuant to its separation from Cendant. The Company considers free cash flow to be a liquidity measure that provides useful information to management and investors about the amount of cash generated by the business that, after the acquisition of property and equipment, equity investments and development advances, can be used for strategic opportunities, including making acquisitions, paying dividends, repurchasing the Company's common stock and strengthening the balance sheet. Analysis of free cash flow also facilitates management's comparisons of the Company's operating results to its competitors' operating results. A limitation of using free cash flow versus the GAAP measure of net cash provided by operating activities as a means for evaluating Wyndham Worldwide is that free cash flow does not represent the total increase or decrease in the cash balance from operations for the period.

The following table provides more details on the GAAP financial measure that is most directly comparable to the non-GAAP financial measure and the related reconciliation between these financial measures:
